Who can I reach?

Our traffic has grown steadily since we launched in 2009. We now typically get 5,000 hits a day, with regular spikes as high as 20,000.

In August 2015 our key stats were:

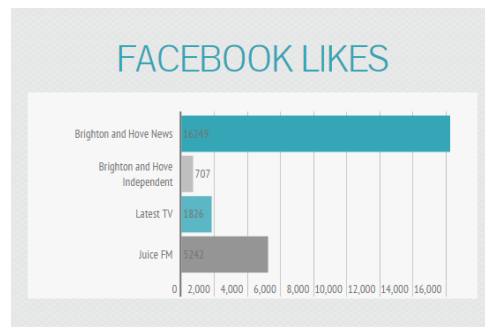

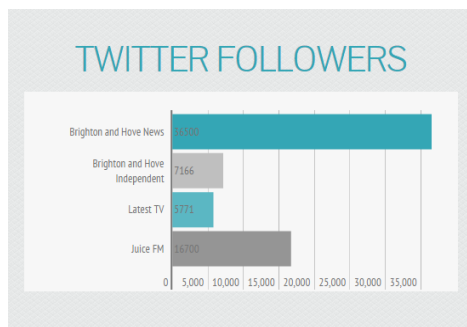

- **109,953 monthly readers**
- **278,096 pages read**
- **185,266 visits**

Half this traffic comes from servers registered to Brighton, and more than 80% is from the city, surrounding areas and London, which suggests that Brighton and Hove commuters are logging on from work.

We also have tens of thousands of followers on our social media accounts. As of September 2015, we have

- **36,467 Twitter followers**
- **16,249 Facebook likes**
- **10,000 social media engagements a week**

What is a sponsored editorial?

A sponsored editorial is like a magazine article. We write an article all about your business or you can supply the copy. They are posted on the site like any other article with the headline and a link appearing on our homepage and all our social media accounts. The content can be anything you want from branding messages, competitions, offers, sales or product launches.

What is a front page premium ad?

Front page premium ads include a display ad on our home page – our most visited page. These link through to a permanent editorial page on our site which typically includes a profile of your business or details of your products, services or your latest offers. The editorial page also includes embedded links to your website and social media accounts.

Testimonials

Sarah Lewis took out a sponsored editorial with us for her Brighton Writers Retreat workshops. Within a week she had more bookings than she knew what to do with.

One customer told her: “I heard about you on Twitter, via Brighton and Hove News; googled your webpages and booked on – very impulsive for me.”

She says: “I’ll definitely consider advertising with Brighton and Hove News again.”
